

SHIVA SAI KUMAR PATIBANDLA

(412)430-1539 | Pittsburgh, PA, 15213 | kumar.shivasai8@gmail.com | [Shiva Sai Kumar](#)

EDUCATION

University of Pittsburgh <i>Master of Science in Computer Science</i>	Jan 2023 - Dec 2024 <i>Pittsburgh, PA</i>
Indian Institute of Technology, Dhanbad <i>B.Tech(Hons) in Computer Science and Engineering</i>	Jul 2015 - May 2019 <i>Dhanbad, India</i>

WORK EXPERIENCE

Hexagon Capability Center India <i>Software Engineer</i>	Jan 2021 - Nov 2022 <i>Hyderabad, India</i>
- Supervised 4 member team in enabling SSO for Angular projects, eliminating VPN and boosting activity time by 70%. - Pioneered GVMS project using React, JavaScript, C# and MVC, increasing team productivity by 30%. - Designed a scalable mobile app with XALT framework and complemented it with an admin-driven web application. - Refactored code for 6 web applications applying optimization techniques, improving runtime performance by 35%.	

PROJECTS

Group Chat System <i>Skills: Bi-directional streaming, Protocol buffers, Docker, GoLang, Grpc.</i>	Feb 2023 - Mar 2023 <i>Github link</i>
Engineered a robust and scalable group chat system, empowering users to create, join, and leave groups while maintaining data consistency across 5 servers.	
CassandraDB <i>Skills: Cassandra, Docker, GoLang, Grpc.</i>	Mar 2023 - Apr 2023 <i>Github link</i>
Developed a part of distributed database system, Apache Cassandra, using GoLang with 3 servers that handle client requests based on partition function.	
Raft Protocol <i>Skills: Raft, GoLang.</i>	Mar 2023 - Apr 2023 <i>Github link</i>
Executed raft consensus protocol, consensus algorithm, ensuring fault tolerance and replication over 3 servers in a distributed system.	

TECHNICAL SKILLS

Programming:	C++, C#, GoLang, JavaScript, Python, React, SQL, C
Web Technologies:	React, TypeScript, Angular, JQuery, HTML, CSS
Database:	SSMS, PostgreSQL, Cassandra, MongoDB
Tools / IDE:	AWS, .NET Framework, Microsoft Azure, Visual Studio 2018, VS Code, PyCharm, Anaconda

LEADERSHIP

Hexagon Capability Center India	Fostered a team of 3 to innovate and enhance booking experience with robust software solutions.
Indian Institute of Technology	Facilitated election process for Undergraduate Student Council at IIT Dhanbad, overseeing a total of 3,000 students.

ACHIEVEMENTS

- Honored with '**PBR Award**' by HCCI's Director for project completion and elevate team performance by 35%.
- Received '**Star Team Award**' from the Director at HCCI for boosting mobile app performance by 45%.
- Appointed as a delegate for HPAIR Conference: Embracing Change from pool of 50000 applicants across globe.
- Ranked in top 0.3% amongst 1.5 million candidates appearing in IIT-JEE 2015.
